

# Red Leaf™ MAPLE

*Glen Oak's Red Leaf™ Maple Program has everything pro-builders need for their projects. A comprehensive program of select white maple mouldings, jambs and boards is just one reason why some of the largest Pro Dealers in the Midwest stock Red Leaf™ Maple. Additionally, the products' consistent white color, great length structure, large inventories and Professional Grade quality are a winning combination for pro dealers and their customers.*

*This elegant floating-beam coffered ceiling was created with Red Leaf™ crown moulding and veneer boards.*

## *Red Leaf™ #1 White Maple Mouldings*

- ◆ #1 white soft maple
- ◆ Northern/Appalachian stock
- ◆ Sorted for whiteness
- ◆ Wide variety of profiles
- ◆ Good length average
- ◆ Architectural millwork finish (18-20 knife marks per inch)
- ◆ Professional Grade quality
- ◆ Large inventories in stock

## *Red Leaf™ Select White S4S Moulded Boards*

- ◆ 1" x 2", 1" x 4", 1" x 6", and 1" x 8" solid S4S
- ◆ Select white soft maple
- ◆ 100% clear white one-face, two-edges

## *Red Leaf™ Select White Hard Maple Veneer Boards*

- ◆ Long: Available in 16' and 18' lengths!
- ◆ 1" x 8", 1" x 10", and 1" x 12"
- ◆ Moulded edges and 180-grit sanded finish
- ◆ Select white hard maple veneer
- ◆ Excellent color and clarity
- ◆ Maple core (finger-jointed and edge-glued)
- ◆ Extremely stable
- ◆ Extra-long 16' and 18' boards are ideal for skirt boards, stair stringers and false ceiling beams—any place where installation of long, uniform boards without a splice is desired

## *Red Leaf™ Select White Hard Maple Veneer Door Jambs*

- ◆ Achieve the all-white-wood look for door units at an affordable price point
- ◆ Veneer wrapped with select white hard maple
- ◆ 180-grit sanded finish

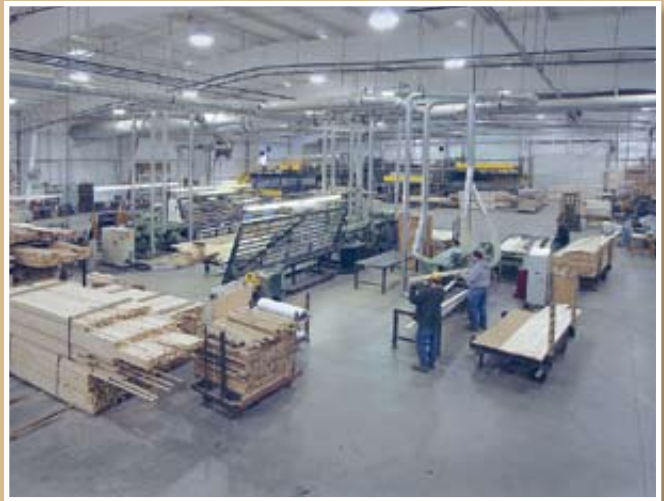

## *Red Leaf™ Select White Maple Solid Door Jambs*

- ◆ Beautifully moulded
- ◆ The perfect complement to solid maple door installations

*It all begins with the right raw material*

Glen Oak Lumber & Milling has forged strong relationships with some of the best maple mills in the country. These sawmills are trained to carefully select for a white grade of soft maple that is proprietary to Glen Oak's established moulding and board programs and worthy of the Red Leaf™ brand.

*Manufactured to the highest standards*

Red Leaf™ Maple mouldings, boards and jambs are manufactured domestically in Montello, Wisconsin where experienced professionals operate high-tech, efficient equipment in three production plants. The Glen Oak team is committed to producing the highest-quality Professional Grade products.
